Join us in celebrating the 20th anniversary of CB Cares EF in the community, this epicurean extravaganza will not disappoint beginning with the event's farm-to-fork philosophy with menu items carefully selected by our own CB Cares Director, Kimberly Cambra! Savor the inspiring talents of our culinary students and celebrity chefs at the most gastronomic event in Bucks County along with a VIP reception and Epicurean Auction Tables (E. A. T.).

CB Cares EF was originally founded on the premise of health and wellness, and the impact of our prosocial behavior programs and community engagements are reflected in the recent Pennsylvania Youth Survey (PAYS) data showing a steady decline of alcohol, tobacco and other drugs (ATOD) use in this community over the past nine years. Over the last 5 years, we have had the opportunity to expand our programs as an educational foundation to include Innovative Learning Grants that allows teacher and administrators to pilot innovative learning opportunities. To continue to be a top school district, now more than ever collaboration is needed to meet our goals of preparing our children both emotionally and academically for a future of personal success.

Please come to the table and show your support on Sunday, June 4th or become a sponsor at a meaningful level. Your contribution will make a significant impact in your community and allow us to deliver valuable resources, tools and solutions for families.

CB Cares Educational Foundation, in partnership with Doylestown Health, the Central Bucks School District, local businesses, and the community, is dedicated to enriching the experience of students through learning grants and 40 Developmental Asset based programs which promote responsible and resilient youth.

LONG-STANDING TRADITION OF PUMPKINFEST

For the past 22 years crowds gather to witness the magical transformation of 200-300 pound gourds into glowing masterpieces amidst the archways of the Moravian Tile Works. CB Cares has recently begun cultivating the next generation of carvers through their work with all three high school's National Art Honor Society to insure this tradition stays aglow.
